

11 AUG 1981

MEMORANDUM FOR THE RECORD

SUBJECT: Weekly Review Meeting with Skidmore, Owings
& Merrill (SOM)

1. The weekly review meeting with Skidmore, Owings & Merrill (SOM) was held in their offices on 6 August 1981. The following persons were present:

Walter Arensberg, SOM
Ted Oldham, SOM
James Rich, SOM
Alan Carroll, SOM
Doug Robinson, SOM
Elizabeth Scullin, JHK & Associates
Bill Levitan, Dames & Moore
Rafael Cervantes, Cervantes & Associates
Marsha Pruitt, GSA

2. SOM advised that they had a preliminary meeting with the Park Service and that a meeting with the Superintendent is scheduled for 10 August at 1430 hours. A member of the Building Planning Staff will attend this meeting. The only two local groups that have not yet been contacted are the historical and recreational groups.

3. JHK advised that traffic counts are now complete and that their next step is to do a capacity analysis. Their traffic count has already produced an unusual statistic: 500 cars that enter via the parkway depart via Route 123.

4. Cervantes & Associates presented a review of the six alternate site proposals and the 1972 Master Plan with respect to site utilities. The briefing was very thorough and pointed out some important cost considerations on certain proposals.

5. GSA distributed copies of the draft Environmental Impact Statement for the National Capital Region.

6. GSA and the Agency will forward to SOM space and lease information on buildings that will be vacated because of the consolidation program.

SUBJECT: Weekly Review Meeting with SOM

7. SOM distributed copies of the Fairfax County zoning requirements as they affect the Master Plan.

8. SOM provided the Agency a copy of the six alternate site proposals that are currently under consideration.
